

QObject

QGraphicsPixmapItem

Virus

```
graph BT; Virus --> QObject; Virus --> QGraphicsPixmapItem;
```

The diagram illustrates a class hierarchy. At the bottom is a box labeled 'Virus'. Two arrows point upwards from the 'Virus' box to two boxes above it: 'QObject' on the left and 'QGraphicsPixmapItem' on the right. This indicates that 'Virus' is a base class or superclass for both 'QObject' and 'QGraphicsPixmapItem'.
